2015 Hyde Vineyard Semillon

Our Semillon is sourced from the 160+ acre Hyde Vineyard located in the Carneros AVA, the southernmost sub-appellation of Napa Valley. The property, a mix of shallow loamy soils & ancient stream beds, is influenced by the fog and cool breezes of San Francisco Bay. Amongst the gently rolling hills of Hyde Vineyard our single row of 150 thirty five year old vines, originally part of a much larger block of Semillon, is situated mid slope above Congress Creek which defines most of the eastern boundary of Hyde Vineyard. It has been mentioned that this single row of Semillon vines used to produce our 2014 Hyde Vineyard Semillon owes its existence to patriarch Larry Hyde's love of the varietal and for that we thank him!!

Sadly this is the third and last vintage of the Hyde Semillon. The vines were original plantings from the vineyard's development in 1978. Exhibiting crisp aromas of citrus blossom & lemongrass on the nose with a candle wax quality on the palate. The wine is medium bodied with crisp acidity.

Technical Specifications

VINTAGE:
2015

PH:
3.49

VARIETAL:
Semillon

FERMENTATION:
Barrel Fermented; No Malolactic
Fermentation

APPELLATION:
Carneros - Napa Valley

BARREL AGING:
5 months

CASE PRODUCTION:
75 cases

BARREL COMPOSITION:
50% Stainless Steel; 50% Neutral
Burgundian Oak

ALCOHOL CONTENT:
13.60%
