2016 Hyde Vineyard Sauvignon Blanc

Our Sauvignon Blanc is sourced from the 160+ acre Hyde Vineyard located in the Carneros AVA, the southernmost sub-appellation of Napa Valley. The property, a mix of shallow loamy soils & ancient stream beds, is influenced by the fog and cool breezes of San Francisco Bay. Amongst the gently rolling hills of Hyde Vineyard our small block of Sauvignon Blanc (Musque Clone) sits in the middle of the Hyde Vineyard along a gentle west to east slope towards Congress Creek. The vines are aligned perpendicular to the slope, south to north, allowing for the cool influence of the morning fog and the warmth of the afternoon sun.

The 2016' Hyde Vineyard Sauvignon Blanc is Wonderment's 2nd vintage of this classic white varietal. This year the block of Sauvignon Musque originates from the southern portion of the 160+ acre Hyde Vineyard. The wine was de-stemmed and sat on skins for the majority of the day before being pressed and then racked into 50% Stainless Steel Barrel and 50% Neutral Burgundian Oak fermenting in barrel. The wine was racked after fermentation and returned to the same percentage of Stainless and Neutral Oak Barrels where it rested for 5 months before being bottled on February, 21st 2017. This wine exhibits a beautiful nose of stone fruits and subdued citrus notes. Skin contact has created a bodied and textured Sauvignon Blanc that has an elegance and tension to it that will benefit from time in the cellar.

Technical Specifications

VINTAGE:
2016

PH - TA:
3.38 / .62

VARIETAL:
Sauvignon Blanc

FERMENTATION:
Oak Barrique & Stainless Steel
Barrel Fermented; No Malolactic
Fermentation
